

April 20 STEM Update

Hello Sailors!

I hope this email finds you and your families safe and well!

This week marks our first week with a learning expectation. *This will need to be completed and screenshots turned into Schoology by Sunday April 26th to receive credit for completion. All assignments & instructions can be found in Schoology (schoology.monashores.net).*

Learning Expectation for Week of April 20th

Students MUST complete the following:

1. Begin Endeavor Course
2. Complete the Intro
3. Complete the About Me Quiz
4. Explore your Portfolio/Field Guide

Student CAN work on:

1. Tinkercad
2. Coding in [Scratch.mit.edu](https://scratch.mit.edu)
3. Podcasting - what I have seen so far has been great! If you'd like to continue, please do!

Connecting with Mrs. Jablonski

Please email any questions or I will have "office hours" twice a week until the end of the school year. Office Hours are not required for students to attend but are a chance for me to have some 'direct instruction time' if needed...students are always welcomed to pop in & say hi!
