

Learning Expectation for Week of May 18th

Students MUST complete the following:

1. Endeavor Course: Medical Machines (details in Schoology...Module is in EverFi) **Please only do the assigned modules each week! Do not move ahead onto other modules!**

(I am giving you a bit of a lighter week in the hopes that the students who need some extra time to complete prior modules & assignments will get them done this week!)

Student CAN work on:

1. The learning expectations from last week if not completed!
2. Tinkercad
3. Coding in [Scratch.mit.edu](https://scratch.mit.edu)
4. Podcasting - what I have seen so far has been great! If you'd like to continue, please do!
