

MSMS STEM Challenge - Marble Maze

This week's STEM Challenge is to build a Marble Run! Take a paper plate, a marble and a few other common items to create a marble maze game!

Suggested Materials

- Paper plate
- A marble (or other small, round object)
- Glue
- Craft or construction paper
- Scissors

Or anything else you have or want to use! You don't need to go out and buy anything if you don't have all the materials...see what you have around your house. Get creative!

Share your creations! Email them to me (hansenc@monashores.net), post them on Twitter and tag me & MSMS (@hansenmsms or @msms_sailors), or share them on the MSMS Facebook page.

Here are a few pictures for inspiration:

A few videos of the Marble Mazes my son & I created yesterday:
